

SAFETY PROGRAM

It shall be the policy of Sweetwater County School District #1 Board of Trustees to provide a safe and orderly environment for all students, employees, visitors, and others present on school district property.

The Board shall comply with all safety requirements, rules, and regulations established by federal, state and local authorities.

The principals and procedures of the established Crisis Intervention Plan shall apply to all Sweetwater County School District #1 Schools. Each employee shall receive staff development at the appropriate inservice day and shall have access to a copy of the Crisis Intervention plan.

Any questions regarding the operation of the Crisis Plan should be directed to the school building principal. The building principal shall report a crisis situation to the Superintendent or his designee immediately. The Director of Human Resources will act as the crisis spokesperson.
