

PROFESSIONAL STAFF WORK LOAD

The responsibilities of certificated staff members include activities and obligations outside the classroom. Serving on committees, attending school and faculty meetings, and other nonteaching assignments which do not make major demands on a staff member's time are all professional obligations which staff members must assume. The Board also considers committee work and staff meetings part of the staff member's inservice training.

Therefore, committee work and extra duties will be expected of all certificated staff members. Assignments may be made by the Superintendent or his designee, directors and building administrator.

Staff members shall be expected to attend such staff meetings as may be required for the proper functioning of a school.
