

SCHOOL ADMISSIONS

Except as otherwise provided by law, the public schools of each school district in the state shall at all times be equally free and accessible to all children resident therein of five (5) years of age as of September 15 of the applicable school year and under the age of twenty-one(21), subject to regulations of the board of trustees.

Therefore, all children who are of school age and who live in School District #1 with their parent, guardian or other person having control or charge shall be admitted to the public schools without payment of tuition.

Birth certificates and proof of required immunization shall be presented by all pupils entering the district schools for the first time.

No child shall be denied the right to attend any school in the district on account of sex, race, or religion.

In cases of children whose families move into or out of the district during the school year, the Board may permit the child to continue his schooling without payment of tuition. Such situations shall be reviewed by the Board on a case to case basis.
