

## **SUMMER SCHOOLS**

The Board shall operate summer sessions for school students who need developmental, remedial, or make-up work in basic skills, academic courses, and vocational areas.

The Board may also authorize summer enrichment programs, for which it may set a tuition charge. The financing of remedial and development programs shall take precedence over the latter.

The director of the summer session shall be appointed by the Board upon recommendation of the superintendent.

Teachers for summer sessions shall be recruited from the district staff insofar as possible. The Board shall set summer salaries and make appointments.

Except as a condition of promotion, no student may be required to enroll in the summer program. However, students who enroll shall be required to attend regularly or shall be dropped from the summer roll.
