

**COMMUNICABLE DISEASES  
ACQUIRED IMMUNODEFICIENCY SYNDROME  
(AIDS)**

The Board of Education is committed to the concept of equal opportunities for all students.

All students are entitled to receive a free and appropriate education without regard to age, gender, national origin, race, color, creed, or disability. Equal education opportunity is a fundamental civil right of all students and is addressed by state and federal laws. Any student with a disability must be educated in the least restrictive environment to receive a free and appropriate education. The rights and safety of all people are to be preserved.
